the present invention because it did not describe the invention before the invention by the applicant for patent.

Furthermore, applicants contend that the other contributors cited in Kim et al., namely Seung-Yong Lee, Chang-Jun Bae, Yoon-Jung Noh, Hyun-Man Kim, and Jea Seung Ko, were simply assistants with respect to the inventions of this application, not inventors.

In addition, Kim et al. was published less than one year prior to the date of the application for patent in the United States, and therefore was published within the grace period allowed under 35 U.S.C. §102(b)).

B. Conclusion

In view of the Paragraph A above, Applicants submit that Claims 1-17 are not anticipated by Kim et al.

In view of the foregoing, allowance of the above-referenced application is respectfully requested.

Respectfully submitted,
